

Action+

Action+ is the mid-range offering that is comparable to Ashima's competitors premier aftermarket products. The inner/outer casing combination has been designed to offer Professional levels of performance but with reduced features when compared to ReAction, and is targeted for competitor rides who only want to limit their budget. Also features the same stylized version of the Fer-Flex ferrule.

OUTER CASING: 2P(Brake) SP(Derailleur)

- 2P High Strength Steel** Ø5, 0.6x1.6mm Flat Wrap
- or
- SP-High Strength Steel** Ø5 & Ø4.5 , 19x Strand wires
- High Strength Fiber Braid** High strength, reduced compression
- High strength brake outer
- High tech aesthetics
- PVDF Liner** Ultra low friction surface for improved efficiency
- Hard wearing for endurance/life
- Semi-Transparent Outer** Exceptional Aesthetics

INNER WIRE

- Stainless Steel** Slick, 19x Strands
- Increased environmental protection
- Reduced weight
- Slick** Pre Stretched to ensure 1 set-up
- Surface smoothed for improved efficiency
- Universal** Campagnolo/Shimano/ Universal end fittings

**BRAKE WIRE
END NIPPLE**

**DERAILLEUR
END NIPPLE**
